No part of this publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording, or any information storage and retrieval system, without permission in writing from the copyright owner.

The appearance of the code at the bottom of the first page of an article in this journal indicates the copyright owner's consent that copies of the article may be made for personal or internal use, or for the personal or internal use of specific clients. This consent is given on the condition, however, that the copier pay the stated per copy fee through the Copyright Clearance Center, Inc. (27 Congress Street, Salem, Massachusetts 01970), for copying beyond that permitted by Sections 107 or 108 of the U.S. Copyright Law. This consent does not extend to other kinds of copying, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale. Copy fees for pre-1991 articles are as shown on the article title pages; if no fee code appears on the title page, the copy fee is the same as for current articles.

JOURNAL OF EXPERIMENTAL SOCIAL PSYCHOLOGY

Editor
Charles M. Judd
University of Colorado, Boulder

Associate Editors
John M. Levine
University of Pittsburgh, Pennsylvania

Bernadette Park
University of Colorado, Boulder

Publishing original research and theory on human social behavior and related phenomena

The **Journal of Experimental Social Psychology** emphasizes empirical, conceptually based research that advances our understanding of important social psychological processes. The journal also publishes literature reviews, theoretical analyses, and methodological comments. Research areas include: attitude and belief processes; intergroup and intragroup processes; social cognition; social interaction; and social motivation.

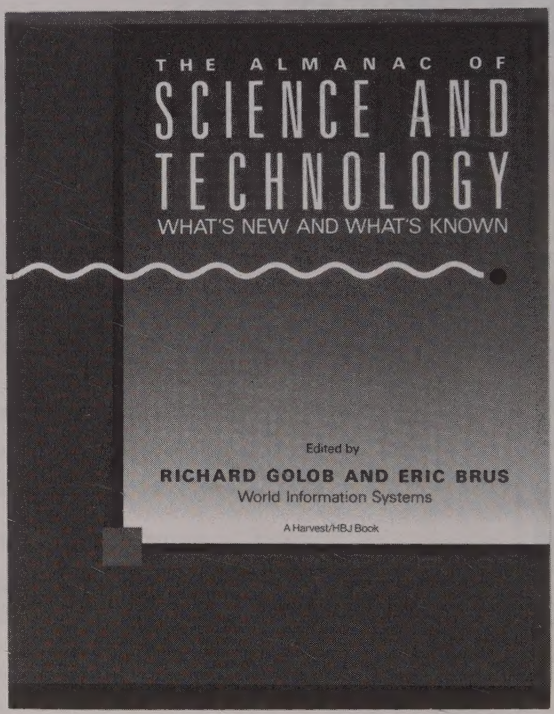
S1087



"The Almanac will have enormous educational value for a wide audience, ranging from high school students to professional scientists. The book is both accessible and comprehensive."

–Jay A. Winsten, Ph.D.
Assistant Dean, Harvard School of Public Health
Director, Center for Health Communication

"An impressively thorough, accessible, and up-to-date guide to the hottest areas in the major fields of science." *–Kirkus Reviews*

"Superb!" –Dudley Herschbach, Baird Professor of Science, Harvard University
